2.5 Hours	\$410	\$490	\$390	\$460	\$420	\$495
3 Hours	\$465	\$560				

\*Rates are exclusive of GST

## Other important info

All transcripts are quality controlled - proofed after transcribing by an OT manager.

We prefer audio files in MP3 or WAV format.

We do have the capacity to convert DVD's into MP3 for a fee of \$25 per DVD.

Due to increased time required, a surcharge applies to

- Poor quality audio / heavy accents - 20%
- Transcribing into Excel - \$40 per transcript

Medical topics are transcribed by experienced medical transcribers into either Word or Excel.

## Translation

Only Transcripts offers a range of translation services.

It is almost irrelevant what the source language is as we translate and transcribe the results into most languages.

Rates are dependent on the languages required for translation.

Please contact us for feasibility and a quote.
